

GRANDVIEW PIANO LAB

Many students would like to have a deeper connection to music by learning to play an instrument but are not certain where or how to begin. The Grandview Piano Lab Class is a great place to start.

While not focusing on any one musical style or method, the Lab is designed to familiarize the student with a variety of styles while providing the basic piano skills that apply to all musical genres. Study is done in a fun and engaging atmosphere three times a week during the school day. Studying piano in a classroom setting is an all-inclusive way to try your hand at a musical instrument that can apply to further study in any other instrument or to a deeper study through the private lesson program at a later date.

Curriculum includes basic technique, theory, keyboard geography and repertoire in all musical styles. Students will be required to have access to a piano or keyboard at home, preferably a full sized, weighted keys keyboard at the minimum.

Please note that the student will not miss any academic time to participate in the Beginning Keyboard Lab. Upon receipt of the attached registration form, parents and students will be notified of the available day/time in which the lesson will take place. The lessons will begin the first week of October, and will end the last week of May. Families participating in the Private Lesson Program will be required to pay the tuition due for the lessons, as outlined on the registration form.

If you have any questions, please contact Mr. Yannette, Music Department Director at Myannette@grandviewpre.net.
